C. Tuition Payment Procedure

(1) Remit tuition to the Shinhan Bank virtual account

- Since a virtual account has been given to each individual student with the sole purpose of tuition payment, Sender's name may appear different from student's name. We will still be able to verify the student by her virtual account number. However, please note that the amount should be EXACTLY the same as the total amount printed out on your bill.
- Students are only able to make the payment ONCE to their virtual account. If a student chooses to pay other bill, such as the student health center fee, they should add the amount to the tuition and make the payment once with the total amount. Each virtual account is systemized to receive only one transfer during the payment period.
- Miscellaneous bills (such as student health center bill) are optional. If a student chooses to pay these bills, the relevant amount should be added to her tuition and the student should transfer the total amount to the virtual account.

Miscellaneous bills	Item	Contact Information

- (2) Payment can be made through bank automation system (i.e. Internet banking, phone banking, or ATM transfer) or by visiting a Shinhan Bank branch. Please note that these bank automation options may not work outside of Korea.
- (3) Recipient's name will be shown as “이 대 대 YOUR NAME” (i.e. 이 대 대 JANE SMITH)
- (4) Payment by bank automation system will only be possible from 9 am to 4 pm Seoul Time.
- (5) Remittance charge will be your expenses when using a financial agency other than Shinhan Bank.
